The Night Place offers: A dance with a DJ, open gym, game room, and movie room, and fun for all 5th & 6th graders! This program is meant to introduce students to this exciting program so that they will feel comfortable when it is offered on a regular basis to all intermediate school students. We also hope that parents will support this program and volunteer to chaperone Night Place events next year. It is only through parental support that we are able to offer the Night Place Program to resident teens.
